SUSTAINABILITY (CONSUMPTION COVERAGE):	84%

Number of panels	252 pcs
Type of panel	Canadian Solar, 660Wp
Number of inverters	2 pcs
Type of inverter	Growatt MAX 75KTL3 LV
Warranty	12 years

Quimica Coyoacan, a prestigious laboratory based in San Luis Potosi, Mexico, specializes in dietary supplements and cosmetics. As a 100% Mexican company, it is committed to quality and sustainability, striving for excellence in product innovation and development.

We have successfully completed the installation of a ground-mounted solar system for Quimica Coyoacan. The installed Canadian Solar panels, totaling 166 kWp, along with two Growatt inverters, were carefully and efficiently installed with the aim of maximizing performance and sustainability for Quimica Coyoacan. This move towards renewable energy represents a commitment to environmental responsibility and efforts to reduce carbon footprint, highlighting Quimica Coyoacan's leadership position in innovation and sustainable development.
