

54%

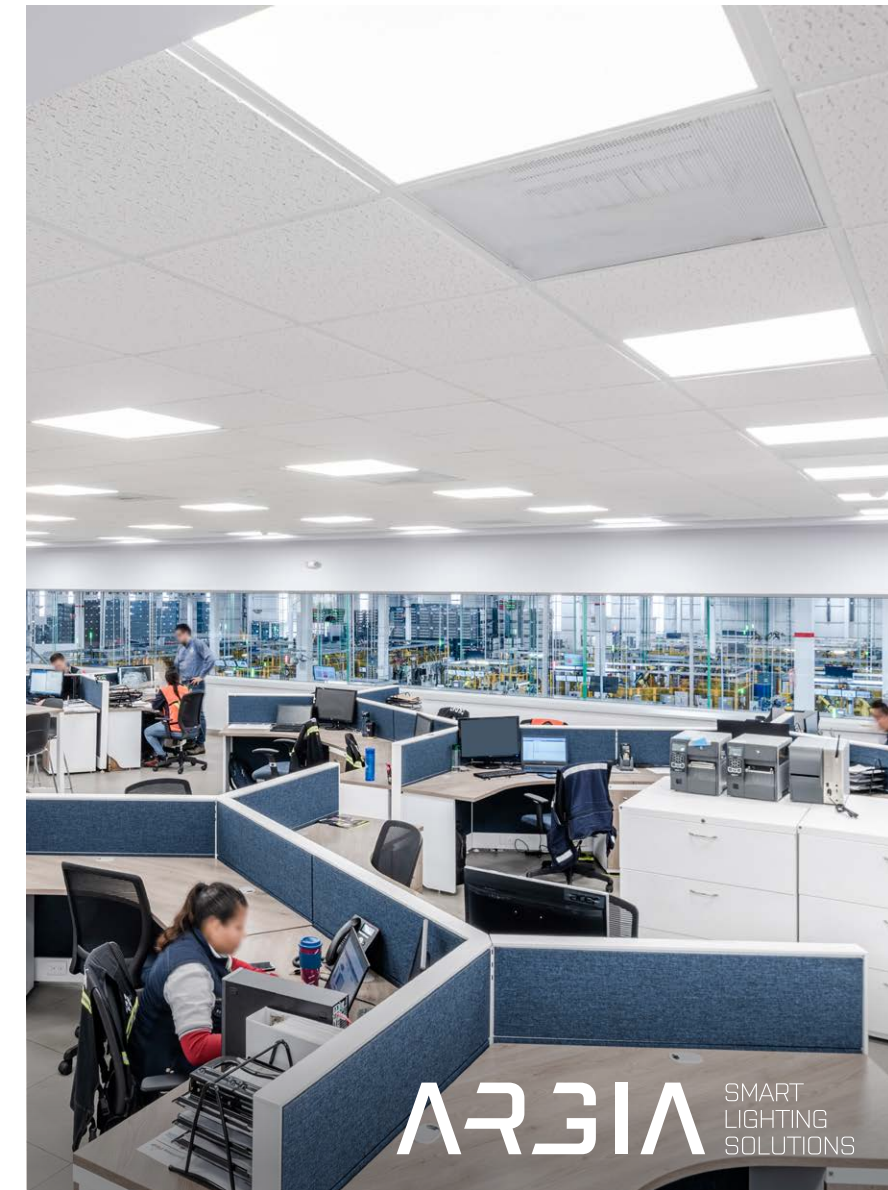

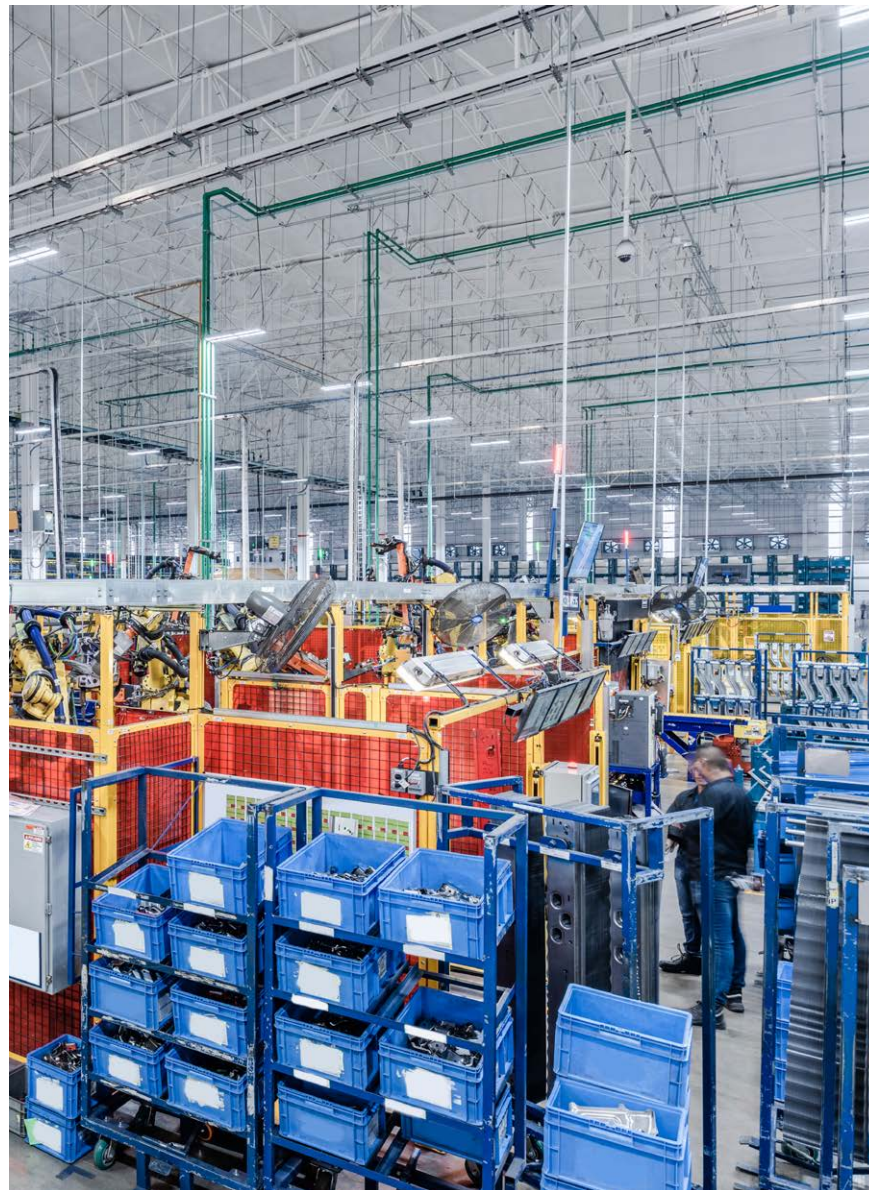

MARTINREA PLANT 2, GUANAJUATO, MEXICO

For MARTINREA, a world leader in lightweight construction and fuel filler pipes for automotive, we have replaced the lighting in a new production hall. Fluorescent luminaires T8 and T5 have been replaced by new energy savings LED luminaires controlled according to different brightness levels. Thanks to this regulation, the customer saves an additional 20% of electricity costs. By installing LED luminaires and lighting controls, the

customer saves up to 54% of total energy costs.

	Original installation	ARGIA lighting solution
Type of luminary	Fluorescent luminaires T5/T8	INLENE 3, INDUSTRY LINE
Number of luminaires	888 units	588 units
Total Input	102.46 kW	66.18 kW
Consumption kWh/year	761,697 kWh	350,381 kWh

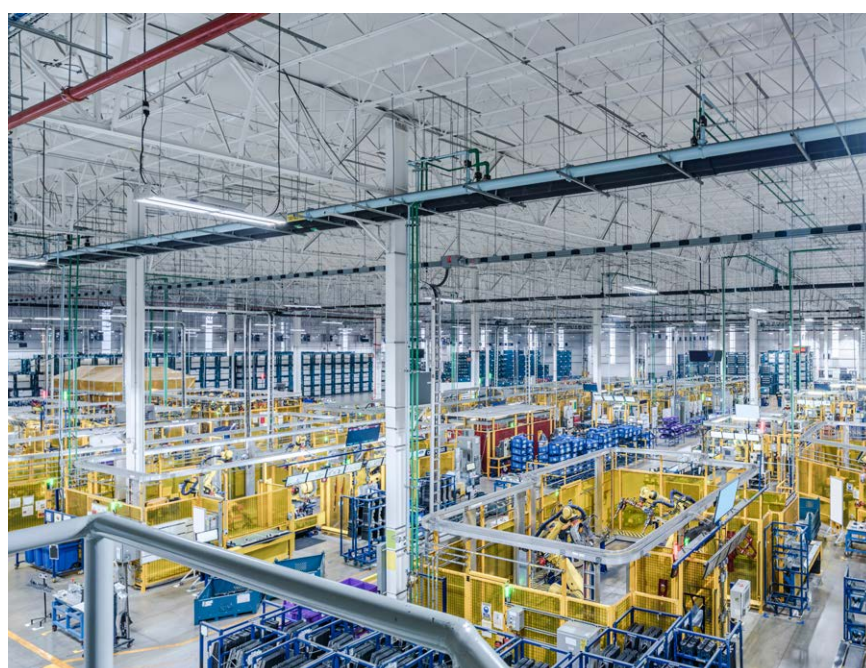

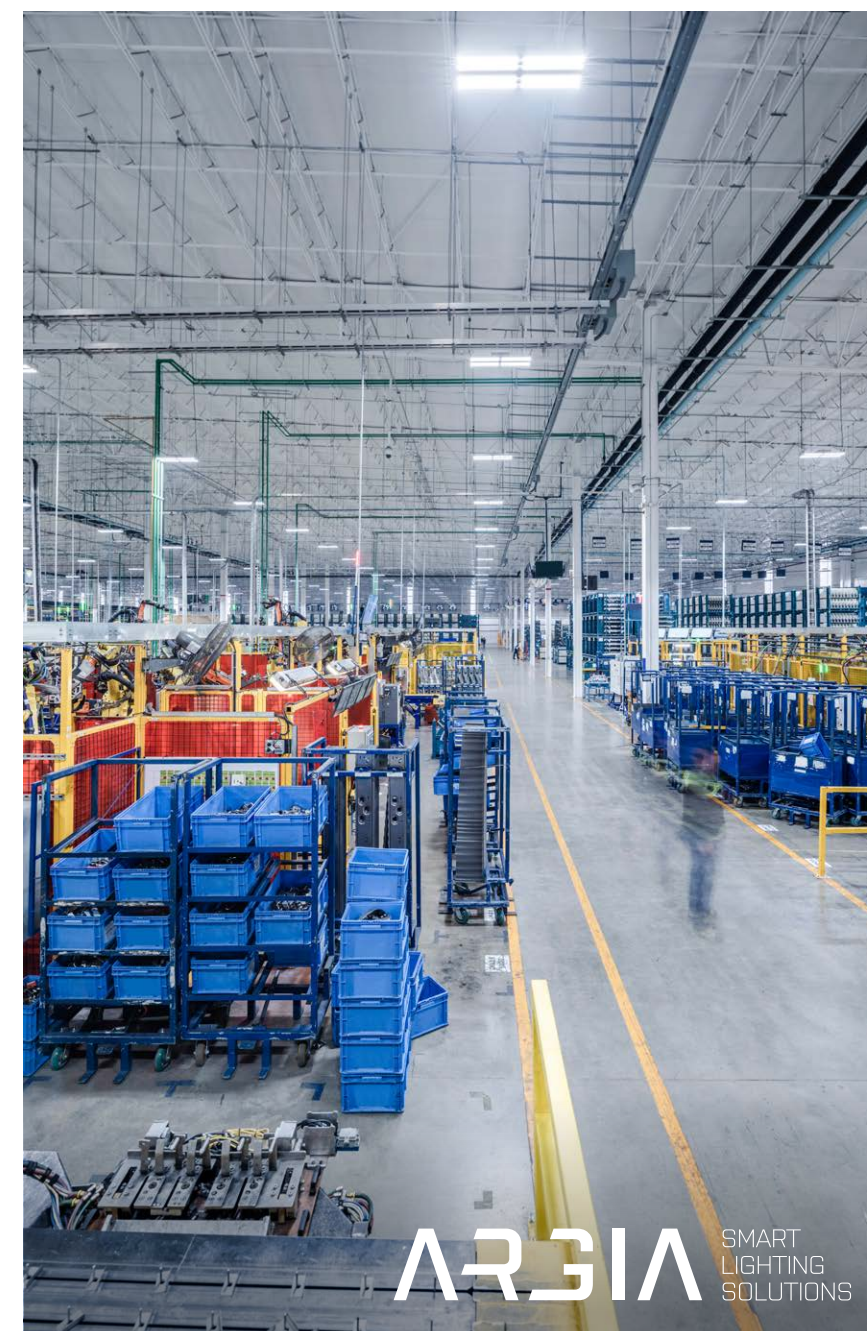

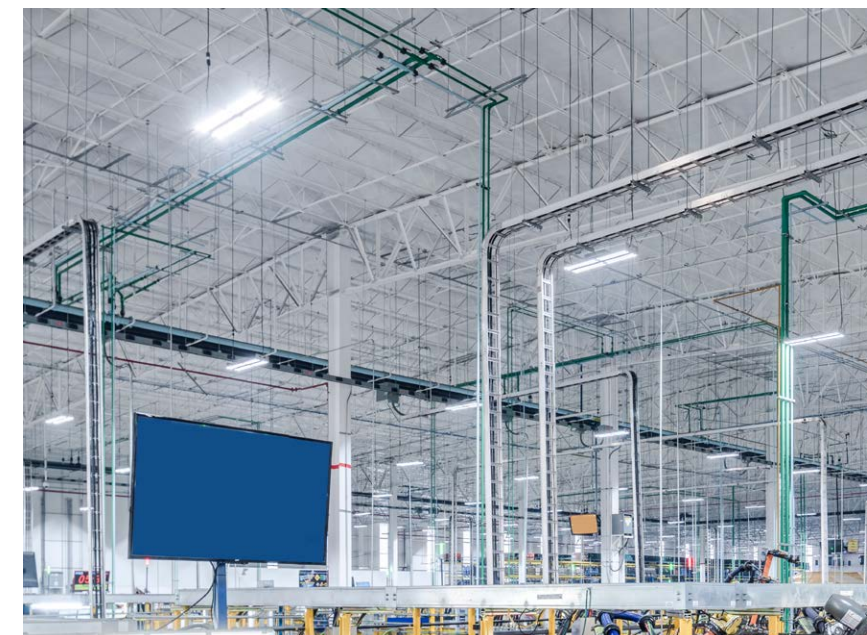

The customer's total operating costs were reduced by 54% thanks to the use of energy – savings LED luminaires and their regulation.
